Otorhinolaryngology (ENT)

CLINICAL FOCUS

Dr. Aktuğ's areas of expertise include sleep disorders and snoring, which he assesses from an ENT perspective, considering how the anatomy of the nose, palate and throat may contribute to disturbed breathing during sleep.

Balance and hearing complaints form another part of his work. He sees patients with dizziness and vertigo, where the aim of the initial assessment is to clarify whether the ear is a likely source of symptoms and which further tests, if any, may be useful.

Sleep disorders

Tonsil surgery

Dizziness

Paediatric hearing loss

Endoscopic sinus surgery

INTERNATIONAL PATIENTS

Dr. Aktuğ consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. Before a visit, the Acibadem international patient team coordinates the collection of prior reports and imaging, for example CT or MRI reports, laboratory and pathology results, operative notes and discharge summaries, and...
