DEPARTMENT
Internal Medicine

CLINICAL FOCUS

Dr. İlğün's practice centers on chronic disease management. In this context, an Internal Medicine consultation typically involves reviewing the patient's medical history and current medications, assessing existing findings and previous treatments, and discussing a care plan for long-term follow-up.

His published work includes The Effect of Cisapride on Gallbladder Motility (Journal of Endoscopy, 1998), Pinavium Bromide, a Calcium Channel Blocker Selective to the Gastrointestinal Tract and Gallbladder Motility (National Turkish Gastroenterology Congress, 1993, Bursa) and a poster presentation on Prevention and Treatment of Coronary Heart Disease (SSK 50th Year Medical...

Chronic Disease Management

INTERNATIONAL PATIENTS

Dr. İlğün consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. Before a visit, the Acibadem international patient team coordinates the collection of prior reports and imaging, arranges appointments and organises the hospital stay.
