## CLINICAL FOCUS

Dr. Hazır's practice covers cardiovascular health concerns seen in a general cardiology setting. Patients may be seen for a first cardiac assessment, for a second opinion on findings already made elsewhere, or for continued follow-up of a known heart condition.

Where the available information is not sufficient to reach a conclusion, further investigation may be discussed. Recommendations are made on an individual basis, and the suitability of any particular test or treatment depends on the patient's overall condition, the existing findings and personal circumstances. Not every patient who is assessed will require treatment;

## INTERNATIONAL PATIENTS

Dr. Hazır consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. Before a visit, the Acibadem international patient team coordinates the collection of prior reports and imaging, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges appointments and organizes...
