HOSPITAL
Acibadem International Hospital, İstanbul

DEPARTMENT
Anesthesiology & Reanimation

CLINICAL FOCUS

Dr. Telci's practice centers on anesthesia and resuscitation and on the care of critically ill patients in the intensive care setting. His areas of expertise also include transplant anesthesia, which he encountered during his time at New Addenbrooke Hospital, and organ transplantation coordination.

He has co-authored research published in Türk Anest Rean Der Dergisi, including papers on corticosteroid therapy in early ARDS (2006), the effect of magnesium on blood-brain barrier permeability and brain edema after experimental subarachnoid hemorrhage (2005), and the protective role of hypercarbia in lung injury induced by mechanical...
