CLINICAL FOCUS

Dr. Şanlı's clinical work centers on child and adolescent health. She provides newborn follow-up and well-child follow-up, in which a child's growth, development and general health are checked at regular intervals.

A further part of her practice is the diagnosis and treatment of childhood infectious diseases. This includes upper respiratory tract illnesses in children and chickenpox. In each case, the approach depends on the child's age, symptoms and overall condition, and Dr.
