DEPARTMENT
Anesthesiology & Reanimation

CLINICAL FOCUS

Dr. Sayan's clinical work covers anesthesiology and reanimation. Anesthesiology involves the planning and delivery of anesthesia for patients undergoing procedures, together with monitoring during and after the intervention.

His professional interests also include advanced life support and palliative care. Advanced life support concerns the structured management of patients in critical or life-threatening situations. Palliative care is oriented toward comfort, symptom control and supportive planning for patients living with serious illness. Dr.
