Otorhinolaryngology (ENT)

CLINICAL FOCUS

The area of expertise listed for Dr. Şehitoğlu is sinusitis. Sinusitis is an inflammation of the lining of the sinuses that may be short-lived or persistent, and its symptoms can overlap with other nasal and upper airway conditions.

Care is planned according to the individual findings. Depending on the picture, this can involve medical management, further evaluation or a discussion of other options, and the appropriate approach is decided together with the patient after the examination.

Sinusitis

INTERNATIONAL PATIENTS

Dr. Şehitoğlu speaks Turkish and English, and interpreters can be arranged for patients who need them. Before the visit, the Acibadem international patient team coordinates the collection of prior reports and imaging, such as CT or MRI reports, laboratory and pathology results, operative notes and discharge summaries, and arranges the...
