Acibadem Maslak Hospital,
İstanbul

DEPARTMENT
Neurosurgery

CLINICAL FOCUS

Dr. Berkman's clinical work centers on pituitary disorders and on conditions affecting the brain, including brain tumours, brain aneurysms, cerebral haemorrhage and arachnoid cysts. Each of these conditions is assessed individually, taking into account the patient's symptoms, imaging findings and any treatment already received, before...

He also treats spinal conditions, including disc herniation, loss of lumbar lordosis, and back, neck and spinal pain. In addition, his practice includes the surgical treatment of head and neck cancers.

Pituitary disorders Brain tumours Brain aneurysms
Loss of lumbar lordosis Back, neck and spinal pain
