### CLINICAL FOCUS

Melisa İpar's areas of expertise include physiotherapy, mobility rehabilitation, pain rehabilitation and functional rehabilitation. Mobility rehabilitation addresses limitations in movement, balance and walking, with exercises and physiotherapy techniques selected according to the patient's condition and tolerance.

A central element of her practice is individualized rehabilitation treatment planning. Each program is built around an assessment of the patient's current physical status, medical history and personal goals, and it is reviewed and adjusted as the patient progresses.
