CLINICAL FOCUS

Dr. Hüner's clinical work covers a range of infectious conditions in adults. Her areas of expertise include lower respiratory tract infections and communicable diseases, as well as sexually transmitted infections, including HIV and AIDS and HPV.

She also provides travel health consultations for patients planning to travel or returning from abroad with health concerns, and she assesses and manages shingles. In each case, the approach is tailored to the individual patient's history, current condition, and any previous treatment.
