Radiation Oncology

FOCUS

Head and neck cancers ·
Brain tumors

HOSPITAL

Acibadem Adana Hospital

DEPARTMENT

Radiation Oncology

CLINICAL FOCUS

Dr. Serin evaluates and treats adults with cancers that may be managed with radiation therapy. Her areas of expertise include head and neck cancers, brain tumors, breast cancer and gastrointestinal oncology.

Alongside external beam radiotherapy, she has experience with brachytherapy, in which a radiation source is placed inside or close to the tumor. Whether radiotherapy, brachytherapy or a combination is appropriate depends on the individual clinical situation, and treatment decisions are generally made together with the other specialists...
