Anesthesiology &
Reanimation

CLINICAL FOCUS

Dr. Yücebaş works in anesthesiology and reanimation, providing anesthetic care and perioperative support to patients undergoing surgery. Her areas of expertise include cardiac anesthesia, the anesthetic management of patients undergoing heart surgery, and neuroanesthesia, the anesthetic care of patients having brain and spine procedures.

Her published work reflects these interests. She has co-authored studies on postoperative analgesia after day-case laparoscopy, including a comparison of prophylactic opioid, NSAID and local anesthesia published in Acta Anaesthesiol Scand in 2000, and on intra-articular morphine for pain relief after knee arthroscopy in Eur J...
