Acibadem Altunizade Hospital, İstanbul

DEPARTMENT
Anesthesiology & Reanimation

CLINICAL FOCUS

Dr. Erdemli's areas of expertise are anesthesiology, reanimation, cardiovascular anesthesia, intensive care and pulmonary research. His work in anesthesiology covers the assessment of patients before surgery, the planning and delivery of anesthesia during procedures and the monitoring of patients as they recover.

In reanimation and intensive care, his background includes the coordination of general intensive care services and the management of critically ill patients, including ventilator weaning, nutrition in critical illness and infection-related complications.
