Acibadem Atasehir Hospital, İstanbul

DEPARTMENT
Anesthesiology & Reanimation

CLINICAL FOCUS

Dr. Karakaya's practice centers on anesthesiology and reanimation, including the planning and delivery of anesthesia for surgical and interventional procedures and the monitoring of patients in the recovery period.

He is also involved in pain therapy and intensive care. His publications include randomized controlled studies comparing intravenous ibuprofen with acetaminophen or paracetamol for postoperative pain after laparoscopic cholecystectomy and laparoscopic sleeve gastrectomy, as well as research on postoperative analgesic methods in cardiac...
