CLINICAL FOCUS

Dr. Guliyev provides medical oncology care for a broad range of solid tumors. In genitourinary oncology, his areas of expertise include prostate cancer, kidney cancer and bladder cancer. In gastrointestinal oncology, he sees patients with stomach cancer, pancreatic cancer, liver cancer and colorectal cancer.

His practice also covers breast cancer, endometrial cancer, lung and thoracic cancers, head and neck cancers, and malignant melanoma and other skin tumors. As a medical oncologist, his role is to assess the diagnosis and stage of disease, review previous treatments, and discuss the medical treatment options that may be appropriate for...
