CLINICAL FOCUS

Dr. Sezer's clinical work centers on coronary and interventional cardiology. He assesses and treats patients with coronary artery disease, atherosclerosis and angina, as well as coronary disease related to a heart attack. Diagnostic angiography is part of his practice;

His practice also covers heart rhythm disorders (arrhythmias) and pacemaker care, blood pressure conditions including hypertension and hypotension, and the evaluation of heart murmurs. The choice of tests and treatment depends on each patient's history, symptoms and existing findings, and is discussed with the patient after clinical...
