CLINICAL FOCUS

Dr. Yayla's practice centers on pregnancy care, with particular attention to high-risk pregnancies. His areas of expertise include detailed pregnancy ultrasound, prenatal diagnosis and amniocentesis, as well as fetal treatment and fetal surgery where a condition is identified before birth.

He also supports patients with delivery planning. The delivery options within his practice include epidural delivery, cesarean delivery and water birth. The appropriate approach depends on the individual course of the pregnancy, the findings of imaging and prenatal tests, and the mother's and baby's condition, and is discussed with the...
