CLINICAL FOCUS

Dr. Bozkurt's areas of expertise cover the medical oncology care of patients with lung cancer and other thoracic cancers, and with breast cancer. A large part of his practice is devoted to gastrointestinal malignancies, including stomach cancer, oesophageal cancer, pancreatic cancer, liver cancer, biliary tract cancer, colon cancer,...

As a medical oncologist, his role typically involves evaluating the diagnosis and stage of disease, reviewing pathology and imaging, and discussing systemic treatment options with the patient.
