CLINICAL FOCUS

The clinical focus of Dr. Gulagiz is emergency medical care. Her work involves the assessment of patients who present to the emergency service with an immediate clinical need, the initial evaluation of their condition and the planning and delivery of emergency treatment.

For international patients, this means emergency-focused medical evaluation and care at Acibadem Dr. Sinasi Can (Kadikoy) Hospital, with communication and treatment planning tailored to the patient's immediate clinical needs. Where a patient's situation requires ongoing or specialist follow-up after the emergency assessment, Dr. Gulagiz can guide the patient toward the appropriate department within the hospital.

INTERNATIONAL PATIENTS

Dr. Gulagiz speaks Turkish and English, and interpreters can be arranged for patients who prefer to communicate in another language. The international patient team coordinates the collection of prior reports and imaging, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges appointments and the hospital...
