CLINICAL FOCUS

Dr. Ahmadova's clinical work is in the field of neurology, the medical specialty concerned with the nervous system. Her four years as a Neurology Assistant at Izmir Bozyaka Training and Research Hospital, followed by several years in Neurology Specialist positions at hospitals in Manisa and Izmir, form the basis of her current practice.

In her consultations, Dr. Ahmadova takes a careful, step-by-step approach: she listens to the patient's account of their symptoms, reviews the medical records and imaging that are already available, carries out a clinical neurological examination and then discusses which further investigations or treatment options may be appropriate.

INTERNATIONAL PATIENTS

Dr. Ahmadova speaks Turkish and English, and interpreters for other languages can be arranged when needed. Before a patient travels, the Acibadem international patient team coordinates the collection of prior reports and imaging, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges the appointments and the...
