Acibadem Altunizade Hospital, İstanbul

DEPARTMENT
Pulmonology

CLINICAL FOCUS

Dr. Aykaç evaluates and manages a range of respiratory conditions. These include lower respiratory tract infections such as bronchitis and pneumonia, as well as asthma, pulmonary fibrosis and pulmonary embolism. Her clinical interests also cover lung nodules and lung and other thoracic cancers.

Where clinically indicated, Dr. Aykaç performs diagnostic bronchoscopy and EBUS (endobronchial ultrasound). Whether such procedures are appropriate is decided on an individual basis after the patient's history, symptoms and existing imaging have been reviewed.
