HOSPITAL

Acibadem Bakirkoy
Hospital, İstanbul

DEPARTMENT

Orthopedics & Joint Center

CLINICAL FOCUS

A substantial part of Dr. Çetik's practice is devoted to foot and ankle surgery, including diabetic foot surgery and Charcot foot surgery. He also performs hip and knee replacement surgery and treats knee and joint injuries, including those arising from sport, within the field of sports medicine and sports traumatology.

His work on the upper limb includes shoulder and elbow surgery. In children, he provides pediatric orthopedic care as well as pediatric hand surgery and pediatric upper-extremity surgery. Treatment recommendations depend on the individual assessment, and not every patient will be a candidate for surgery.
