CLINICAL FOCUS

The core of Dr. Kabagöz's practice is emergency medicine. This involves the initial assessment of patients presenting with acute symptoms or injuries, prioritizing cases according to clinical urgency, stabilizing patients where needed, and deciding on the next steps in their care.

His career also includes years of service as a workplace physician and as a deputy chief physician. These roles reflect experience in general clinical assessment and in the organizational side of hospital care, in addition to day-to-day emergency department work. His professional background can be summarized as follows:

INTERNATIONAL PATIENTS

Dr. Kabagöz consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. The Acibadem international patient team coordinates the collection of prior reports and imaging, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges appointments and the hospital visit.
