CLINICAL FOCUS

Dr. Kanat's practice covers the medical oncology management of solid tumors. In gastrointestinal oncology he treats patients with pancreatic cancer, gastric cancer, colorectal cancer and anal cancer. His work in breast oncology includes breast cancer and male breast cancer.

Alongside clinical work, Dr. Kanat has contributed to the medical literature, mainly in gastrointestinal and breast oncology. His published review articles address dual HER2 inhibition strategies in treatment-refractory metastatic colorectal cancer, anti-stromal therapy for pancreatic cancer, possible mechanisms of platinum-induced...
