Psychiatry & Psychology

CLINICAL FOCUS

Dr. Kobak assesses and treats adults with major depression, social anxiety disorder, post-traumatic stress disorder and obsessive-compulsive disorder. Treatment planning is individual and may include psychotherapy alongside other psychiatric treatment, depending on the diagnosis, the severity of symptoms and the patient's preferences.

His areas of expertise further include eating disorders and obesity, where psychiatric assessment and support can form part of a broader treatment approach, as well as Tourette syndrome and autism spectrum disorder. Dr.
