Internal Medicine

CLINICAL FOCUS

A central part of Dr. Uysal's practice is the evaluation and management of thyroid disorders, together with metabolic disease diagnosis and treatment. This includes prediabetes, obesity, anaemia and hypertension, conditions that often coexist and are typically followed over time rather than addressed in a single visit.

In addition, Dr. Uysal evaluates presentations such as oedema and symptoms of poisoning, as well as upper respiratory tract illnesses and Behçet's disease. As an internist, his approach begins with a careful history, clinical examination and review of laboratory and imaging findings, so that symptoms can be placed in the context of the...
