CLINICAL FOCUS

Dr. Sönmez's clinical work centers on the medical oncology assessment and treatment planning of solid tumors. Within the gastrointestinal group, she sees patients with stomach cancer, pancreatic cancer and colorectal cancer, including colon cancer and rectal cancer. She also evaluates patients with thoracic cancers, including lung cancer.

Her other areas of expertise include breast cancer, ovarian cancer and prostate cancer, as well as cellular therapies. Her combined background in Internal Medicine and Medical Oncology supports the coordinated evaluation of cancer-related health needs, with treatment options discussed in the context of each patient's diagnosis, general...
