DEPARTMENT
Emergency Service

CLINICAL FOCUS

Dr. Urnal's work centers on the acute assessment and initial management of patients presenting to the emergency department. His listed areas cover emergency interventions and trauma care, as well as toxicology, which concerns poisoning and exposure to harmful substances.

His published work is dated between 2016 and 2017 and reflects emergency medicine topics. He is a co-author of a 2017 report describing cerebral venous sinus thrombosis complicated by hemorrhagic infarction as a rare and fatal cause of seizure in the emergency department, of a 2016 study on the application of scoring systems with...
