Gastroenterology

CLINICAL FOCUS

A central part of Dr. Kızıltaş's practice is the assessment and ongoing care of patients with inflammatory bowel disease, including Crohn's disease and ulcerative colitis. He also evaluates and treats reflux and gastritis, small intestine diseases and food poisoning.

Endoscopic examination is an important part of his diagnostic approach. Dr. Kızıltaş performs endoscopy and colonoscopy as well as esophagoscopy, which may be used to investigate symptoms, obtain tissue samples or monitor known conditions.
