CLINICAL FOCUS

Dr. Karaoğlu evaluates and treats a range of skin conditions. Her areas of expertise include rosacea, excessive sweating treatment and pregnancy-related hair loss treatment. She also performs mole removal and tattoo removal.

In aesthetic and regenerative dermatology, her practice includes microneedling, PRP, exosome applications, fibroblast treatment, botulinum toxin treatment and under-eye light filler. As with any dermatological procedure, suitability, expected effects and possible side effects are considered on an individual basis and discussed with the patient before any decision is made.
