CLINICAL FOCUS

Dr. Urvay's areas of expertise include lung cancer and other thoracic cancers, as well as head and neck cancers. In gastrointestinal oncology, she treats colorectal cancer, including colon cancer and rectal cancer, together with gastric cancer and pancreatic cancer.

Her practice also covers breast cancer and gynecologic cancers, specifically cervical cancer and ovarian cancer. As a medical oncologist, her role centers on the systemic, non-surgical management of these conditions, and the appropriate treatment approach is determined for each patient after a review of the diagnosis, stage and previous...
