DEPARTMENT
Dermatology

CLINICAL FOCUS

Dr. Utaş sees adults and children with a broad range of inflammatory and immune-related skin conditions. Her areas of expertise include rosacea, acne, psoriasis, eczema, and urticaria, including pediatric urticaria. She also evaluates and treats sexually transmitted diseases and genital warts.

A second strand of her practice concerns pigmentary and cosmetic concerns. This includes vitiligo treatment, treatment of other pigment disorders and birthmarks, hair loss treatment, and cosmetic dermatology procedures. Where clinically appropriate, she uses cryotherapy and platelet-rich plasma applications.
