## CLINICAL FOCUS

Dr. Özbek's practice centers on child and adolescent health from the newborn period onward. She provides newborn follow-up and well-child follow-up, which includes monitoring of growth and development and pediatric nutrition monitoring.

She also diagnoses and treats childhood infectious diseases, including upper respiratory tract illnesses in children. Care is planned according to the child's age, symptoms, and overall health, and follow-up is arranged as needed to monitor the response to treatment.
