CLINICAL FOCUS

Dr. Albayrak's practice combines general and cosmetic dermatology. On the medical side, she evaluates and treats skin diseases, including inflammatory conditions such as psoriasis, eczema, atopic dermatitis, contact dermatitis and rosacea, as well as sexually transmitted and venereal diseases, which form part of her specialty training.

Dr. Albayrak has co-authored articles in peer-reviewed dermatology journals. Publications listed in her profile address topics such as the treatment of rhinophyma with high-frequency electrosurgery, acitretin-induced spiny follicular hyperkeratosis, serum YKL-40 as a possible biomarker in psoriasis, and leukocytoclastic vasculitis...
