(Algology) Department

CLINICAL FOCUS

Dr. Özyalçın's areas of expertise are pain treatment, pelvic pain treatment, pain assessment, pain management and algology. A structured assessment of the type, location and history of a patient's pain forms the basis for discussing which treatment options may be appropriate in each individual case;

His published work reflects a longstanding interest in pain medicine and regional anesthesia. He is the author of the textbook Regional Anesthesia (Nobel Medical Bookstores, İstanbul, 2005) and the editor of Secrets of pain (Nobel Tıp Kitabevleri, İstanbul, 2005), and he contributed the chapter on Pelvic Pain to Radiological Imaging for...
