CLINICAL FOCUS

The core of Dr. Bayraktar's practice is emergency medical evaluation. When a patient arrives in the Emergency Service, he carries out a structured emergency assessment that takes into account the presenting complaint, the patient's history, vital signs and a focused clinical examination.

Following the assessment, Dr. Bayraktar is responsible for emergency clinical management and acute care. This involves initiating appropriate treatment in the emergency setting, monitoring the patient's response and coordinating with other departments when a patient requires further evaluation, admission or specialist input.

INTERNATIONAL PATIENTS

Dr. Bayraktar consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. For international patients, the Acibadem international patient team coordinates the collection of prior medical documentation, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges...
