Acibadem Atasehir Hospital, İstanbul

DEPARTMENT
Bariatric & Metabolic Surgery

CLINICAL FOCUS

A significant part of Dr. Nursal's work involves breast diseases, including the evaluation of breast cysts, breast screening, and the surgical management of breast cancer. His published work in this area includes studies on seroma cytology in breast cancer, the role of PET/CT in early breast cancer, and the relationship between patients'...

His practice further includes surgical oncology, thyroid surgery, and inguinal hernia repair. Robotic surgery is used where it is considered appropriate for the individual patient. Other publications by Dr.
