CLINICAL FOCUS

Dr. Tekin's work in the Emergency Service involves the initial evaluation of patients with acute or urgent medical problems. Emergency medical assessment typically includes taking a focused history, performing a clinical examination and arranging the investigations needed to clarify the cause of symptoms, so that appropriate care can be started or the patient can be referred to the relevant specialty.

Alongside her emergency practice, Dr. Tekin has completed formal training in phytotherapy and aromatherapy. These are complementary approaches based on plant-derived preparations. They are not a substitute for urgent medical treatment, and any consideration of their use takes place within the context of a patient's overall medical assessment. Areas of expertise listed for Dr. Tekin include:

Emergency medical assessment

Urgent medical care

Advanced Cardiovascular Life Support

Phytotherapy

Aromatherapy

INTERNATIONAL PATIENTS

Dr. Tekin consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. For international patients, the Acibadem international patient team coordinates the collection of prior reports and imaging, for example MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges...
