CLINICAL FOCUS

Dr. Öner's surgical work covers both aesthetic and reconstructive procedures. In facial surgery, his areas of expertise include rhinoplasty, surgical facelift and buccal fat removal. In breast surgery, he assesses and treats breast conditions and performs breast reduction surgery and breast augmentation surgery. He also carries out combined body contouring procedures such as the mommy makeover.

Beyond aesthetic surgery, Dr. Öner has subspecialty interests in wound care and cosmetic dermatology. He evaluates and manages skin tumours, including malignant melanoma, where surgical assessment and excision may form part of the overall treatment plan. His reconstructive surgery work includes the care of complex or non-healing wounds, with surgical and non-surgical options considered according to the clinical situation.
