CLINICAL FOCUS

Dr. Saraçoğlu evaluates and treats a range of urological conditions. These include bladder cancer, kidney stones, blood in the urine and hydronephrosis, as well as sexually transmitted infections.

His andrology and sexual health practice covers male infertility, penile curvature and the treatment of sexual dysfunction. He also sees patients with an undescended testicle. The suitability of any particular treatment depends on the findings of the examination and the results of the tests requested, and Dr.
