CLINICAL FOCUS

A substantial part of Dr. Tuncer's practice concerns the ear and hearing. She evaluates and treats patients with hearing loss, including cochlear implants in suitable candidates and the assessment of pediatric hearing loss.

In head and neck surgery, Dr. Tuncer manages head and neck cancers, including oral cancer and tongue and tongue-base cancer, and discusses surgical options when they are indicated. Her nose and throat work includes rhinoplasty, anosmia (loss of smell), sinus conditions such as sinusitis, tonsillectomy, and the evaluation of dysphagia...
