Acibadem Maslak Hospital,
İstanbul

DEPARTMENT
Pathology Department

CLINICAL FOCUS

Dr. İnce's work centers on diagnostic pathology: the microscopic and laboratory evaluation of samples taken from patients so that treating physicians can reach a diagnosis and plan care. This includes the evaluation of tissue samples, such as biopsies and surgical specimens, and the evaluation of cell samples, such as those obtained by...

His selected publications include a study on HSP 60 expression in mucocutaneous lesions of Behçet's disease (J Am Acad Dermatol, 2001), a publication on ovarian cancer (Istanbul University Oncology Institute Publications, 1998) and a paper on the diagnostic value of stereotaxic FNAB and needle biopsy in mammographically detected...
