CLINICAL FOCUS

The core of Dr. Yalçın's work is the evaluation and management of prostate diseases. This includes assessing men who present with urinary symptoms or abnormal test results, establishing a diagnosis and discussing the treatment options that may be appropriate for the individual patient.

His expertise in uro-oncology concerns the urological management of cancers affecting the urinary tract and the male reproductive organs.

Recommendations in this area depend on the type and extent of disease, the patient's general health and personal preferences. Dr.
