DEPARTMENT

Inpatient Clinic Physicians

CLINICAL FOCUS

Dr. Culha's clinical work has two related dimensions. The first is inpatient medical care: the ongoing medical supervision of patients during a hospital stay. This includes reviewing a patient's history and current symptoms on admission, monitoring their clinical condition and laboratory results over the course of the stay, adjusting general medical management as needed, and coordinating with the treating specialists and...

The second dimension is functional medicine, which takes a broad view of a patient's overall health, lifestyle and medical history rather than concentrating on a single complaint. In the inpatient setting, this approach informs how Dr. Culha evaluates the wider context of a patient's condition and how general medical factors may influence recovery.

Inpatient medical care

INTERNATIONAL PATIENTS

Dr. Culha consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. Before a hospital visit, the Acibadem international patient team coordinates the collection of prior medical reports and imaging, such as MRI, CT, X-ray or ultrasound reports, laboratory and pathology results, operative notes and discharge summaries, and arranges...
