DEPARTMENT
Otorhinolaryngology (ENT)

CLINICAL FOCUS

Dr. Varnalı's clinical work covers common and complex ear, nose and throat conditions in both children and adults. In pediatric ENT, his areas of expertise include childhood hearing loss, adenoid disorders, and tonsillectomy. He also evaluates and manages snoring and salivary gland diseases.

Nasal and sinus care is another focus. He performs nasal endoscopy to assess the nasal passages and sinuses, septoplasty for a deviated nasal septum, and endoscopic sinus surgery. In head and neck oncology, his practice includes the assessment and treatment of laryngeal cancer and other head and neck cancers, an area reflected in several...
