DEPARTMENT
Anesthesiology &
Reanimation

CLINICAL FOCUS

Dr. Yener's areas of expertise are anesthesiology, reanimation, perioperative assessment and anesthesia planning. In practice, this means evaluating a patient's overall health and medical history before a procedure, identifying factors that may affect how anesthesia is given, and preparing an individualized anesthesia plan in...

Perioperative assessment typically involves reviewing existing conditions, current medications, allergies and previous experiences with anesthesia, together with any relevant laboratory or imaging results.
