CLINICAL FOCUS

Dr. Kaynak evaluates and treats men with concerns related to reproductive health, including sexual dysfunction, penile curvature and sexually transmitted infections. His published research in this area includes a retrospective study on long-term outcomes of combined low-intensity extracorporeal shockwave therapy and tadalafil for...

His practice also covers the diagnosis and treatment of prostate diseases, including prostate cancer, as well as urinary incontinence and bladder health. He has published on the value of a second transurethral resection in patients with superficial bladder cancer.
