Psychiatry & Psychology

## CLINICAL FOCUS

Dr. İnci assesses and treats a broad range of mental health conditions in adults. These include anxiety disorders, panic disorder, obsessive-compulsive disorder, major depression, bipolar disorder, atypical psychosis, personality disorders and trauma-related conditions. He also sees patients with sleep problems and provides psychological support for patients with cancer.

A further area of his practice is addiction treatment, including support for people who want to stop smoking. In the field of sexual health, he offers sexual dysfunction treatment and addresses male reproductive health concerns from a psychiatric perspective.

Family and marriage counselling

Male reproductive health

Anxiety disorders

Anorexia nervosa

Atypical psychosis

## INTERNATIONAL PATIENTS

Dr. İnci consults in Turkish and English, and interpreters can be arranged for patients who speak other languages. The Acibadem international patient team coordinates the collection of prior reports and any relevant imaging, arranges appointments and organises the hospital visit.
