Otorhinolaryngology (ENT)

CLINICAL FOCUS

Dr. Demirel's practice covers ear, nose and throat conditions in both adults and the surgical management of common throat disorders. He performs tonsil surgery and evaluates adenoid disorders and pharyngitis, including recurrent or persistent throat complaints.

His ear-related work includes the evaluation of hearing loss and tinnitus, as well as vertigo and balance disorders, where a careful history and clinical assessment help distinguish between possible causes before any treatment is discussed. In the field of head and neck surgery, Dr.
